Hashem's Wonderful World

Imagine if the world did not have any colors! From the moment you woke up until you went to sleep, all you would see would be black and white, and shades of gray. How boring that would be!

Hashem created a fantastic world— full of colors, and textures, sounds and sights, smells and delights! Hashem also gave us the tools we need to enjoy these things— eyes to feast on the beautiful sky, trees, and earth. Ears to hear the sounds in the world. Legs to travel and explore! A mind—to think about how all of these things are a gift from Hashem.

WORDS TO KNOW

Hashem

This refers to G-d. The name of G-d is too holy to use in everyday conversation, so we use the word 'Hashem' which means the 'the name' when we refer to G-d.

Everything in this World is a Gift

In fact, throughout the day, we encounter many gifts from Hashem. A gift is something that someone gives to bring happiness to another person. The giver wants to let the other person know that they are loved and cared for. Sometimes, a gift can be something that a person doesn't really need, but still will enjoy. Hashem loves us, therefore He is constantly giving us gifts.

What is Nature is really Hashem

One of the many gifts to mankind is nature. Everything that happens in the world is truly a miracle—Hashem controls it all! Sometimes, it is difficult to realize this because it happens, well, all the time! Hashem did us a favor by creating the laws of nature, so that we could depend on things happening in a certain way all of the time. So we'd know what to expect and when. This doesn't take away from the fact that it is from Hashem—it's just less obvious!

Every time that we enjoy something of Hashem's world, it is proper to thank Hashem for that which we enjoyed.

THE

BEAUTIFUL COLORFUL WORLD

Hashem has made the world so exciting to look at—full of colors, textures, smells, shapes, etc. - so that we can better appreciate it. **Thank You Hashem!**
